Your Trusted Electrical Supplier

High quality electrical items to light up your home & business.

Explore our premium range of circuit breakers, switches, sockets & wires.

Our Products

Havells Miniature Circuit Breaker

Havells Miniature Circuit Breaker

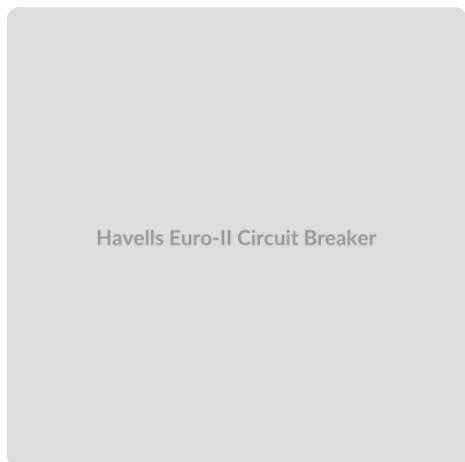

Reliable protection for home and industrial circuits.

Anchor Uno Circuit Breaker

Anchor Uno Circuit Breaker

Generated by BlackBox AI

Durable and compact switch for your home wiring needs.

Havells Euro-II Circuit Breaker

Havells Euro-II Circuit Breaker

Efficient breaker for superior safety performance.

Schneider Electric Circuit Breaker

Schneider Electric Breaker

Generated by BlackBox AI

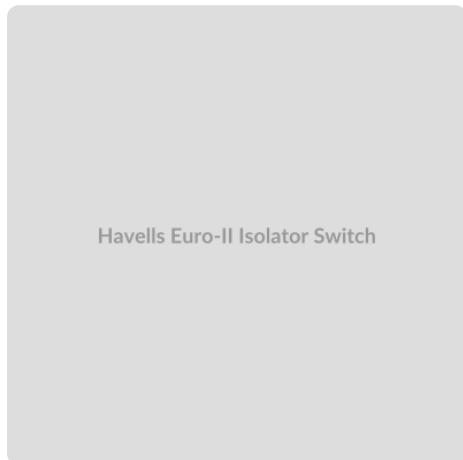

Reliable and recognized brand for circuit protection.

Anchor Socket & Switch

Anchor Socket & Switch

Generated by BlackBox AI

Safe and stylish socket-switch combo for homes. ▲

Havells Euro-II Isolator Switch

Havells Euro-II Isolator Switch

Ensure safety with reliable isolation switch.
Generated by BlackBox AI

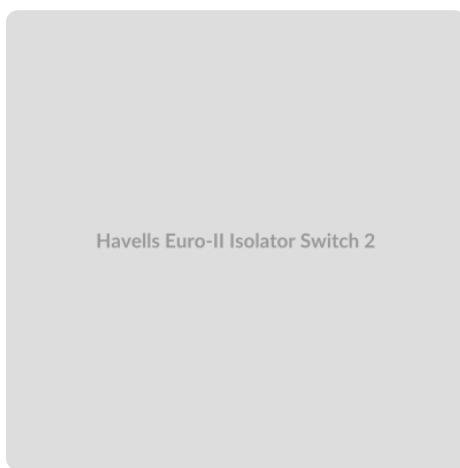

Rabbitree Socket & Switch

Rabbitree Socket & Switch

Sleek design, durable and functional.

Generated by BlackBox AI

Havells Euro-II Isolator Switch 2

Twin isolator for enhanced electrical safety.

V-Guard Superio Electrical Wire

V-Guard Superio Wire 2.5 Sq.mm

High durability with anti termite & moisture

guard.
Generated by BlackBox AI

Kalinga Gold Electrical Wire

Kalinga Gold Wire

Reliable electrical solutions with quality

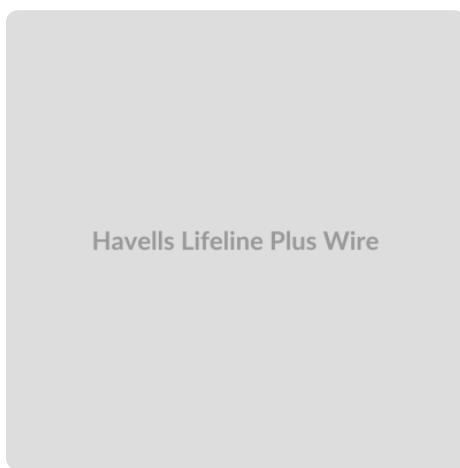

assurance.
Generated by BlackBox AI

Polycab Flame Retardant Wires

Multi color insulated wires for safety and

convenience.
Generated by BlackBox AI

Havells Lifeline Plus Wire

Havells Lifeline Plus Wire

Durable wires designed for long-term usage.

Generated by BlackBox AI

Polycab Flame Retardant Wire Red

Polycab Flame Retardant Wire (Red)

Extra flexible red insulated wire for general

wiring.
Generated by BlackBox AI

Havells Flame Retardant Wire Yellow

Havells Flame Retardant Wire (Yellow)

Safe and energy-saving insulated electrical

wire.

BLACKBOXAI

It looks like you're sharing images of various electrical components, including circuit breakers, wiring, and switches. Here is a structured overview summarizing the types of products visible in your images:

Electrical Components Overview

1. Circuit Breakers:
 - Types: - Miniature Circuit Breakers (MCB) - Residual Current Circuit Breakers (RCCB)
 - Isolators
 - Brands: - Havells - Anchor - Schneider Electric
 - Specifications: - Different current ratings (e.g., 20A, 32A, 40A, 60A, etc.)
 - Voltage ratings

(e.g., 240/415V) - Multiple pole options (single, double, triple, four poles)

2. Electrical Switches and Sockets: - Types: - Single and double pole switches - Wall sockets with integrated switches - Brands: - Anchor - Crabtree

3. Wiring: - Types: - PVC insulated wiring available in various sizes (e.g., 1.5mm², 2.5mm²) - Flame retardant cables - Brands: - Polycab - V-Guard - Havells - REO

Usage & Applications

Residential and Commercial: The items listed are commonly used for electrical installations in homes, offices, and industrial settings.

Safety Features: Many products, like RCCB and flame retardant wires, enhance safety by preventing electrical fires and shock.

Conclusion

These products are essential for building safe and compliant electrical systems. Make sure to check specifications and compliance standards when selecting components for any electrical installation.

Here's a summary of the images you provided, which primarily feature various electrical components and wires:

Circuit Breakers

Generated by BlackBox AI

1. Havells Circuit Breaker (Model DHMGDPPF032)

- Type: Miniature Circuit Breaker (MCB) - Rating: 32A - Features: Multiple currents (ON/OFF options).

2. Anchor Circuit Breaker

- Type: Single Pole MCB - Rating: 20A - Features: Clearly marked with voltage specifications (240/415V, 50Hz).

3. Havells Miniature Circuit Breaker (Model HURO-II)

- Rating: 32A - Features: Compact design, with an easily accessible ON/OFF switch.

4. Schneider Electric Circuit Breaker (Model xC60)

- Type: Multi-pole MCB - Features: Multiple circuits (up to five), clear switch indicators for ON/OFF.

5. Havells Isolator Switch

- Type: Switch Disconnector - Rating: 100A - Features: Robust design for safety; indicates OFF position.

6. Havells Double Pole Disconnector Switch (Model DP)

- Rating: 40A - Features: Simple manual ON/OFF operation.

Electrical Switches and Sockets

1. Anchor Wall Socket with Switch

- Design: Three-pin socket with integrated switch.

2. Crabtree Wall Socket

- Design: Elegant two-socket design with a toggle switch.

3. Alternate Crabtree Wall Socket

- Design: Similar to the previous, with a different aesthetic.

Electrical Wires

1. V-Guard PVC Insulated Cable

- Color: Red and Black. - Specifications: 2.5 sq.mm; moisture and termite resistant.

2. Kalinga PVC Insulated Cables

- Color: Red and Yellow. - Features: Durable insulation; labeled with safety information.

3. Polycab Flame Retardant Wires

- Color Options: Red, Yellow, Green, Blue, Black. - Features: Safe for residential use, with flame-retardant properties.

4. Havells LifeLine Plus Cables

- Features: Flame-resistant, heat-resistant, and durable design.

Summary

The images showcase a range of electrical components including circuit breakers, wall sockets, and various types of wires from different manufacturers like Havells, Anchor, Crabtree, and Polycab.

Each product appears to be geared towards enhancing home and commercial electrical safety and functionality.

If you need further detail on any specific items or comparisons, feel free to ask!
